# ABOUT US

---

Ditch the dramas, raise the shakers! Introducing your hen party's dream team!

Picture this: Sun-kissed English countryside (or cityscapes, we're versatile!), laughter spills from a vintage Piaggio truck transformed into a boozy wonderland, while your hens mix, muddle, and shake their way to cocktail mastery. Forget lukewarm prosecco and stale canapés - we're talking bespoke cocktails, popping corks, and enough fun to make your nan blush (in a good way, obviously).

But wait, there's more! We don't just roll up, pour, and peace out. We're the life of the party, your cocktail confidantes, and resident mixologists extraordinaire. Think:

- **Boozy Bootcamps:** Learn to craft killer cocktails like pros, from fruity margaritas to smoky old fashioned. We'll unleash your inner bartenders and have you shaking like Shakira faster than you can say "flamingo garnish."
- **Pop-Up Paradise:** Got a garden, a rooftop, or a field full of sheep? We'll transform it into an Instagram-worthy cocktail oasis with our snazzy pop-up bars. Think boho lanterns, rustic crates, and enough fairy lights to rival a Christmas market.
- **Piano Bar Panache:** Feeling classy? Our baby grand piano bar adds a touch of Gatsby glamour to any shindig. Imagine clinking glasses to vintage tunes and belting out karaoke hits fueled by our signature mojitos.

So, whether you're planning a wild hen weekend, a sophisticated soiree, or just a Tuesday night that needs a serious upgrade, we're your one-stop shop for liquid joy. Book us, and we'll roll up with enough booze, beats, and bar magic to turn any gathering into a legendary bash. Trust us, your taste buds (and livers) will thank you.

Ready to ditch the ordinary and shake things up? Contact us today and let's get this party started!

P.S. We also cater to stag dos, birthdays, corporate events, and basically any excuse to raise a glass. We're not picky, just thirsty.
